MEMORANDUM FOR: Chief, Plans and Programs Staff, DD/S&T
SUBJECT : Statement of Responsibilities for the
Office of Special Projects, DD/S&T

The Office of Special Projects has been established to carry out the Agency's responsibilities in the National Reconnaissance Program with reference to satellite reconnaissance activities. This Office has been manned to permit the development and technical management of sensor systems, both photographic and SIGINT, as well as associated systems analysis so necessary in the early design of sensor systems. It also provides the technical and operational personnel assigned to the Agency's on-going satellite activities as well as those CIA representatives to the NRO Staff and the Satellite Operations Center. .
